## BIG GRAIN SHIPMENTS IN SOUTH.

Farmers Along A. R. and I. Ry. Have Very Large Yields.

Lethbridge, Nov. 5.—That the farmers along the line of the A. R. and I. railway, south of Lethbridge, have already this year shipped half a million bushels of wheat more out of that district than were shipped altogether in 1910, was the statement made today by an official of the company, and from all reports, the heavy shipping of grain has barely commenced.

During the past two or three weeks, an average of 250 cars of grain weekly, has been shipped each week to Lethbridge over their line. The movement has just begun, and every day sees a couple of train-loads rolling into the yards for transfer to the C. P. R. to be transported to Winnipeg and other eastern points.
